

A culture of care

Part of the Outlook Care family...

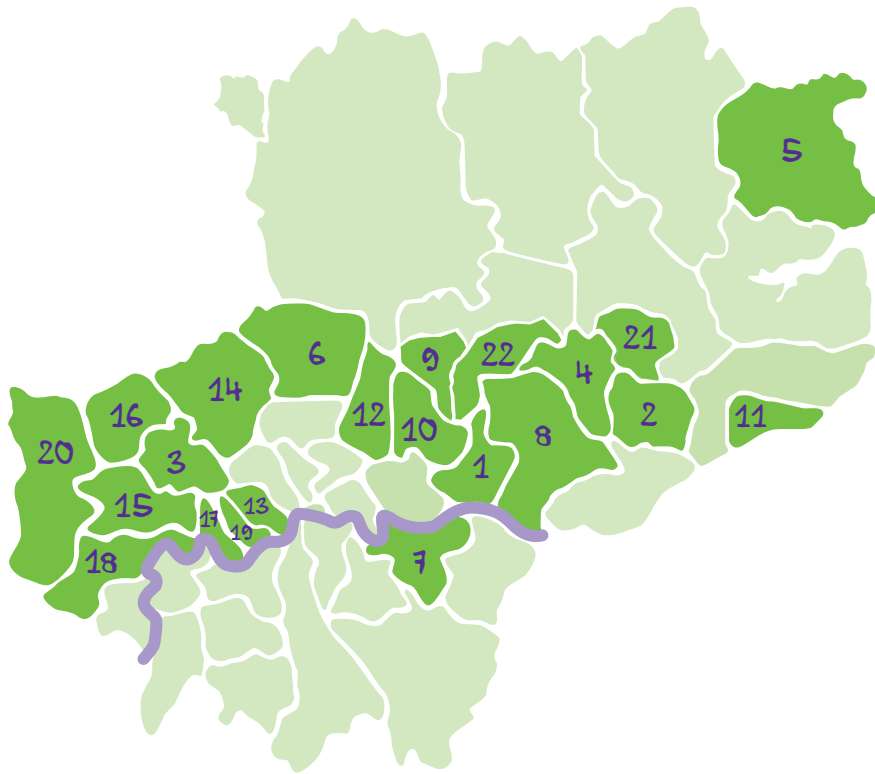

Foxburrow Grange is a state-of-the-art specialist nursing and dementia care home in Colchester. We began welcoming residents in the Spring of 2013.

In the world of care homes this might be surprising, but Foxburrow Grange isn't just any care home, it's part of the Outlook Care family.

25 years of expertise

We are a not for profit company with charitable status and one of the largest providers of learning disability, mental health and older people services in north east London and Essex. Every penny of surplus we earn is reinvested in Outlook Care so we can continue to improve our support for vulnerable people and help them enjoy life to the full. We've been doing this for 25 years and we do it because we love it; it's part of our culture.

A home for the future

Our experience was pivotal in the development of Foxburrow Grange. We recognised the importance of integrating the care home with the community to help everyone in need of specialist care have access to it. So we built our Community Hub which, together with our first class range of facilities, and supported by a superb team of health professionals, is making a positive difference to the lives of our residents and our neighbours.

"Some of our residents like chatting, others just want to hold your hand. Whatever they need, we give them - especially our time."

Our vision

People with individual needs, living the lives they choose.

Our mission statements

Learning Disabilities

By delivering a range of flexible care and support services we will ensure people with learning disabilities are as independent as possible and connected with their local communities.

Mental Health

Through recovery focussed support we encourage and support people with mental health needs to take control of their own lives as much as they can.

Older People

By listening to our older residents and understanding what matters most to them, we will deliver exceptional nursing care and support.
